

## MG4

Multi-Function Gun Light

450 m

IP68

Laser & IR

- Ideal for:
- Army
  - Navy
  - Police

As a versatile tool for the tactical which integrates illumination, tactical dazzler, laser aiming, red/green signal lights in one body, MG4 brings unparalleled performance.

- Featured by the accurate optical design, each light source works in superior state.
  - ⦿ For illumination and dazzling, white beam can be switched among 100% high, 1%-50% dimming and strobe;
  - ⦿ A 520 nm green laser aiming working at 5 mW offers higher visibility;
  - ⦿ Red and green signal works as far as 500 m;
  - ⦿ A Safe OFF mode secures the operator avoiding unintentional exposure;
- With a 1 inch housing, MG4 can be assemble and disassemble on guns quickly & securely by either Universal or Picatinny weapon mount; innovated tail-cap ensures fast switching from hand operation to weapon using just by plugging the remote switch;
- A waterproof TYPE-C recharging interface makes it be refueled fast and conveniently;
- Waterproof at IP68, a sturdy aerospace-grade aluminum alloy housing with a HAIII military-grade hard-anodized finish that ensures rugged and reliable performance under extreme conditions.

New product

<b>Peak beam intensity</b>	50,625 cd
<b>Range</b>	450 m (white beam) (as per US ANSI/PLATO FL1-2016)
<b>Modes</b>	White beam: 100% power, 1% - 50% dimming, strobe; Laser; IR LED (850 nm) White LED and green laser on simultaneously; OFF
<b>Runtime</b>	White beam: 2 hr (100% power); 56 hr (1% power)
<b>Power supply</b>	1*18650 (3,400mAh) rechargeable Li-ion batteries or 2*CR123A
<b>Beam divergence</b>	7° (white beam)
<b>LED power consumption</b>	10 W(white beam)
<b>Bezel diameter</b>	40 mm
<b>Housing diameter</b>	25.4 mm
<b>Length</b>	150 mm
<b>Weight</b>	226 g (including battery)
<b>Working temperature</b>	-40 °C - +50 °C
<b>Water resistance</b>	IP68 (as per U.S. MIL-STD-810G)
<b>Drop</b>	1.5 m (as per U.S. MIL-STD-810G)
