

Light Wall X750

Ultra-bright Scene Light

49,000 lm

2,530 m

IR 850 nm

Ideal for:

Army

Navy

Police

Utilized the power of multi LEDs and improved the beam intensity perfectly, the ultra-bright scene light series puts out an unparalleled large-scale daylight from a compact light weight 2.8 kg only. Combining state-of-the-art optical design and advanced circuit design, ultra-bright X750 scene light features:

-  Multi-mode operation: Strobe, high, and 10%-100% dimming, selectable by the pressing and holding of a single button
-  Computer control for user-definable mode via an RS232 interface
-  An optional Picatinny rail cover for weapon, vehicle, shipboard and helicopter, a handle for handheld operation, also have a spare connecting pad for mounting on the folding mast as the scene light
-  A sturdy aerospace-grade aluminum alloy housing with a HAIII military-grade hard-anodized finish that ensures rugged and reliable performance under extreme conditions.

The ultra-bright scene light series is ideal for law enforcement, military, riot control, border security, fire and rescue etc. It is also a might-have for mining outdoor field operations and other civilian industries.

New Product

X750 is the standard equipment of Chinese Anti-terrorist operation vehicles

Brightness	49,000 lm (as per ANSI/PLATO FL1-2016)
Range	2,530 m (as per ANSI/PLATO FL1-2016)
Modes	100% power; 10% -100% dimming; Strobe; Infrared(850 nm)
Light Source	White LED+IR LED or white LED only
Power Supply	12-28 V DC power; Rechargeable battery banks
Beam divergence	12 ° or multi flood beam
Bezel square length	148 mm
Housing diameter	113 mm
Length	255 mm
Weight	2.8 kg (Light only)
Working temperature	-20 °C – 60 °C (as per U. S. MIL-STD-810G)
Water resistance	IPX7 (as per U. S. MIL-STD-810G)
Drop	1 m (as per U. S. MIL-STD-810G)
Standard accessories	Waterproof and shockproof carrying case
Optional accessories	Power supply cable; Signal cable; Connecting pad; Picatiny gun mount; Rechargeable battery bank; Folding mast
